

Laly Llama

Help the Trash Find its Home! 🏠 🗑️

Instructions: Laly Llama is sad because she sees trash in the wrong places. Be a **Planet Protector** and help the trash find its correct home!

1. Where does it go?

Draw a line from the litter to the **litter bin**:

- A plastic bottle on the **beach**
- A candy wrapper in the **forest**
- A paper bag on the **street**

2. My Magic Rule:

Complete the secret code for a clean planet: "**Don't be a litter bug! Put trash in the b_____ (bin)!**"

3. Creative Writing (Short Story):

Finish the story using the Word Bank.

Word Bank: *Happy - Forest - Bin - Clean*

"I love to play in the _____. It is beautiful and green. If I have trash, I do not throw it on the ground. I put it in the _____. Now, the trees are _____ and the birds are singing. A _____ planet is a happy planet!"

Now, Planet Protector, it's coloring time!
